

Recruitment solutions for employers... real-life experiences for students.

For more than a decade, the Foundation for California Community Colleges has provided student employee recruitment solutions for California employers. Career Pathway helps employers address the projected increase in demand for qualified employees as California's workforce enters into retirement at record-breaking levels. The program has placed more than 2,500 student employees with employers throughout California.

1 Partnerships with colleges

Career Pathway is affiliated with more than 150 accredited schools statewide, including the California Community Colleges and the California State University and University of California systems.

2 Access to qualified students

Ranging from first-year undergraduates to Ph.D. candidates, student employees are pursuing studies in a related field and must maintain academic standards.

3 Leading education nonprofit

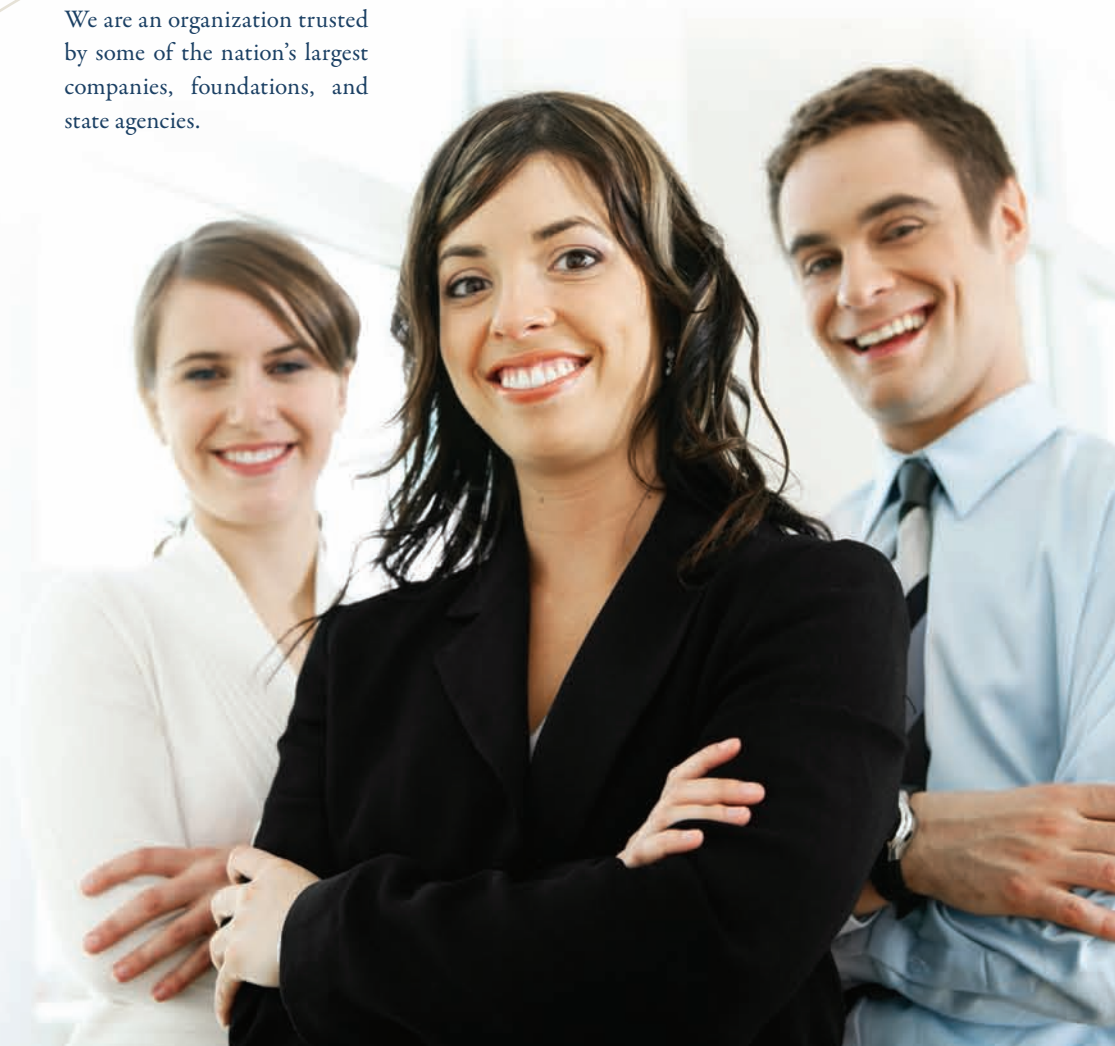

We are an organization trusted by some of the nation's largest companies, foundations, and state agencies.

4 Recruitment pipelines

Companies can connect with students in their field and establish conduits for potential future full-time employment.

5 Comprehensive services

We are dedicated to anticipating customer needs and delivering a full range of human resource services on time and under budget.

“The Foundation’s professional, responsive service helps our student assistant program run smoothly. The staff responds quickly to any issues that arise, making my job easier.”

—Michael VanBaaren
